Things to do and Food

We ask that you send your son/daughter with things to do that are quiet and not too obtrusive. We do not allow ipads or computer games in the dressing room or at rehearsals. We recommend colouring books with pencils instead of pens and card games.

Please also make sure your son/daughter has enough water and healthy snacks for the long days.

Chaperones and Safety

We make sure that we have the legal amount of adults looking after the correct amount of children backstage. Our chaperones, which are not parents, are chaperone licensed by the council with full DBS checks (formally CRB), and many of our parents are licensed too. All teachers and theatre crew are DBS checked and are legally allowed to look after children.

All insurances are in place and risk assessments within the theatre are submitted way in advance.

On the first day in the theatre children will be informed of the fire safety procedure, chaperones informed of all medical notes that the children may have, and be shown the first aid and accident procedure. Children will be required to sign in and out with their chaperone at all times of the day.

All emergency contact details are on site. Your children are in safe, experienced hands.
